

KUSH GUPTA

Software Engineer | Python & Django Developer

guptakush078@gmail.com | 9927054690 | <http://www.linkedin.com/in/kush-gupta-cse> | <https://github.com/Kushgupta003>

PROFESSIONAL SUMMARY

Entry-level Software Engineer and 2026 B.Tech Computer Science Engineering graduate with a strong foundation in Python, backend development, and Django/FastAPI. Hands-on experience building AI/RAG-based applications, developing REST APIs, and working with relational databases, gained through academic projects and a full-stack development internship. Seeking to contribute as a Python Developer, Django Developer, Backend Developer, or AI/ML Engineer/Intern, applying practical skills in software development and AI application design.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL (basic)

Frameworks & Libraries: Django, FastAPI, Bootstrap

AI / ML: RAG (Retrieval-Augmented Generation), LangGraph, FAISS, Sentence Transformers, HuggingFace Transformers

Databases: MySQL, SQLite

Web Technologies: HTML5, CSS3, REST APIs

Tools & Platforms: Git, GitHub, VS Code, Render, Uvicorn, Chrome DevTools

PROJECTS

AI Customer Support Agent with RAG (Python, FastAPI, LangGraph, FAISS, Sentence Transformers, HuggingFace Transformers, HTML, CSS, JavaScript) | [GitHub](#)

- Developed an AI-powered customer support application using FastAPI and LangGraph for query handling and workflow management.
- Implemented a RAG (Retrieval-Augmented Generation) pipeline using FAISS and Sentence Transformers for document-based semantic search.
- Built query categorization and sentiment analysis features to improve response handling and user experience.
- Developed a responsive chat interface using HTML, CSS, and JavaScript with document upload and query processing functionality.
- Integrated PDF and text document ingestion to enable context-aware responses from uploaded knowledge sources.

Online Learning Platform (Python, Django, SQLite) | [Live Demo](#)

Sep 2025 - Oct 2025

- Developed a role-based learning management system with separate dashboards for students and instructors, enabling course management and content access based on user roles.
- Implemented user authentication, authorization, and secure login functionality using Django's built-in authentication system.
- Designed and integrated database models for users, courses, and learning resources, ensuring efficient data management and retrieval.
- Built REST-style endpoints and optimized database queries to improve application performance and responsiveness.
- Developed responsive user interfaces using HTML, CSS, Bootstrap, and JavaScript; deployed the application on Render for public access.

ADDITIONAL PROJECTS

BNMC University Website (HTML, CSS, Bootstrap, JavaScript)

- Developed a responsive university website with structured layouts for departments, faculty profiles, courses, and event announcements using Bootstrap and custom CSS.

To-Do List Web Application (HTML, CSS, Bootstrap, JavaScript)

- Built a task management application with add, edit, delete, and mark-complete functionality using dynamic DOM manipulation for real-time updates.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern (Python & Django) — Softpro India Technologies Pvt. Ltd., Noida

Aug 2025 - Oct 2025

- 2-Month Intensive Internship | Awarded A++ Grade
- Designed and implemented full-stack features using Python, Django, HTML, CSS, Bootstrap, and JavaScript to enhance application functionality and user experience.
- Built and maintained backend business logic and database models supporting reliable CRUD operations.
- Managed source code using Git and GitHub following SDLC best practices; deployed applications to production servers on Render.

EDUCATION

B.Tech in Computer Science Engineering — Future Institute of Engineering and Technology, Bareilly (2022 - 2026) | Completed

CERTIFICATIONS

- Python with Django - Summer Internship — Softpro India Computer Technologies Pvt. Ltd. (Aug-Sep 2025)
- Getting Started with Artificial Intelligence — IBM SkillsBuild (Jan 2026)
- Python Essentials 1 — Cisco Networking Academy / OpenEDG Python Institute (Jan 2026)
- YUVA AI for All — IndiaAI via TCS iON (Jan 2026)
- TCS iON Career Edge - Young Professional — TCS iON, Tata Consultancy Services (Sep 2025 - Jan 2026)
